EDUCATION

B.Pharm (Professional)

University of Chittagong, Bangladesh

RESEARCH INTEREST

- scRNA-sequencing
- Immunology
- Bioinformatics

SKILLS

- R programming
- Data Analysis
- scRNA-sequencing Data Analysis
- CADD
- Scientific Manuscript writing
- Graphic Design

JOB PREFERENCE

- Data Analysis using R
- CADD
- Graphic Design
- Scientific Manuscript Writing

ACADEMIC EXPERIENCE

Teaching Assistant

Intelligent Polymer Research Laboratory, University of Chittagong

Supervisor: Dr. Mir Muhammad Nasir Uddin

- Conducted in silico, in vitro, and in vivo experiments
- Collected, curated, and analyzed experimental dataset
- Contributed to manuscript preparation for peer-reviewed journals

PUBLICATIONS

- Chowdhury MT†, **Islam T†**, Rahman A#, Jomel M#, Islam Z, Piya F, Hossain D, Chakma C, Islam MJ, Lauto A, Uddin MMN, “Integrated Pharmacological and Computational Evaluation of Bulbophyllum crassipes for Wound Healing, Antioxidant, and Antimicrobial Activities: Insights from Molecular Docking and Density Functional Theory,” Journal of Food Biochemistry. Manuscript under review.
- Jomel M, Rahman R, Chowdhury MT, **Islam T**, Islam MJ, Lauto A, Uddin MMN, “Unveiling the pharmacological properties of Bulbophyllum crassipes pseudobulb through experimental and computational approach: Analgesic, anti-inflammatory, and antipyretic activity.” Food Science & Nutrition. Manuscript under review.
- Jomel M, Mamun MJI, Momen MSH, Chowdhury MT, **Islam T**, Islam MJ, Lauto A, Uddin MMN, “Profiling of secondary metabolite and CNS modulatory effects of methanolic extract of Bulbophyllum crassipes and its solvent fractions: Evidence from GC–MS, FTIR, behavioral tests, and molecular docking.” Pharmacological Research - Modern Chinese Medicine. Manuscript under review
